- ii. Possible events during spring semester? Life Week, Truth Booth: video of an ultrasound that would show a fetus at different stages. Could digitally see life of the baby! Table set up with multiple screens showing different ultrasounds. Received good vote on website for this vote. Show “Juno” during Life Week. Last year did event where we asked people on campus “How do you few life?” and had different models of the development of an

unborn baby. Asked opinion before and after presentation and had a great response. Another option is to have a table asking whether a person is pro-life or pro-choice; aimed at getting people to talk and be more informed about this issue. Discussed possible speaker...need to increase membership first! How do we increase advertising for Life Week events?

- iii. Ideas for Life Week? Maybe some adoption events to make people more aware.
